AFTER INDIAN SCALPS.
The Indian Problem at Last Solved in New Mexico.

WILL S. HAYS, of the Courier-Journal, says: "American justice and Canada scalp-hunt have got defaulter and rascals where they want 'em. If they stay here they'll catch it, and if they go there they'll catch it. So 'wa'ts the hods?'"

THOMAS L. JONES, has been left alone more. The Spanish Mission, which he has been after for some time, has been taken by some other man. Jaber L. M. Curry, of Virginia, is the lucky individual, having received the appointment this week.

SECRETARY OF WAR ENDICOTT has determined to carry out his order requiring all military officers to be at their place of duty instead of loafing around Washington City hotels. A petition from some of the Generals to have a few favored friends excepted from the order met with a flat refusal from the Secretary this week. He is decidedly of the opinion that there has been enough loafing already.

MOSES A. HOPKINS recently appointed Minister Resident and Consul General to Monrovia, Liberia, is at New York preparing to leave for his appointment to enter upon the discharge of his duties. The colored people of New York, it is said, are taking great interest in him and he is the lion of the day. He is a very talented minister of the gospel, being pastor of a Presbyterian Church at Frankington, N. C. He was born a slave in Virginia but ran away in early life and became a cook on steamers running the Ohio and Mississippi rivers. Later on he went to studying and took a four years course at Lincoln University, and a three years course at a theological seminary at Auburn, N. Y., graduating at each place. The colored people would do well to study his life, and pattern after it.

This New York Sunday Mercury expresses the tariff trick of the New York Republicans so plainly that a blind man can nearly see it, as follows: "The platform adopted at Saratoga by the Republicans condemns any new changes in the tariff laws until the existing laws have been tried and found wanting. Inasmuch as the present tariff has been in existence nearly three years, the public have had full opportunity to discover its injustice and ineffectuality. But this plan intended to give the public the false idea that the Republicans seldom changed the tariff. On the contrary, from 1861, to 1870 they made nineteen changes in the tariff, each one in the interest of a little more protection and in favor of individual and corporate monopolies. The plea for more time is, therefore, merely a demand for the extension of a system of oppression. The Democracy can afford to stand by their record of tariff legislation. The Democratic tariff of 1864, which virtually lasted for fifteen years, was modified but once, in 1877, and that by reducing duties twenty per cent."

KENTUCKY NEWS.

H. D. Frisbie, of the firm of Frisbie & Lake, made an assignment last Tuesday. Reports from Owensville say that the standing tobacco was damaged 20 per cent. by the frost this week. The Democrats of Harrison County will hold a primary election to select candidates for county offices, on the 21st of November. Frisbie & Lake, of Harrison County, have killed twenty-four head of their fine cattle that were infected with pleuropneumonia. William Embling, aged fourteen, accidentally shot and killed his cousin, Annie Berger, aged twelve, Thursday, while fooling with a pistol at Louisville. The fall series of short-horn cattle sales near Paris were begun Wednesday. The bidding was not very brisk, owing to the fact that pleuropneumonia is prevalent in the county. Twenty-nine cattle were sold, bringing \$2,240.

A newspaper is like a pretty woman in many respects. To be perfect it must be the embodiment of many types. Its form is made up. It is always chased, although inclined to be glib, it wears a good press, the more rapid the better. It has a weakness for gossip. Talks a good deal. Can stand some praise. Is awfully proud of its new dress.—Live Stock Record.

DEMINO, N. M., Oct. 10.—Reports are coming in from various parts of Arizona that the old pioneers of that territory, tempted by the reward of \$50 for Indian scalps made by several counties in Arizona, have started out on a hunt for rekins with a view of obtaining their scalp. They think this is the most practicable method yet suggested of forever ending the Apache Indian war.

The \$50 is merely incidental to the hunt; it pays for the whisky and tobacco used in camp. It is believed several New Mexican citizens and counties will adopt this plan of exterminating the savages. The fight at Gallipoli ranch has thoroughly aroused western New Mexico and additional troops besides the squad from Albuquerque which went to the ranch are now being held in readiness at El Paso, Texas.

The Indians are roaming about in small bands, and this enables them to commit crimes and escape or hide much easier than when they were all together. Some killing is looked for.

FATAL BALLOON ASCENSION.

Professor Johnson Drops from the Basket Into a Tree—No Hope.
NASHVILLE, Tenn., Oct. 10.—A terrible accident occurred at Union City, Tenn. Prof. D. B. Johnson, who was killed here for fair week made successful ascensions Tuesday and Wednesday, and then tried to repeat the performance today. He went up all right, but in descending the balloon fell in a tree. Johnson jumped when the balloon was about twenty feet from the tree, and clutched a limb, which broke, throwing him to the ground a distance of sixty feet. In falling through the tree Johnson's body was terribly lacerated. He fell across a log and broke his right leg above and below the knee. Johnson can not live. He is from Evansville, Ind.

BOSTON, Oct. 10.—Letters from T. J. Lottrop and C. B. Knight are published, accepting for the writers the nominations for the Illinois lieutenant governor, and for the State Protection convention. The letters condemn Republicans and Democrats alike and urge vigorous woman suffrage.

NYACRE, N. Y., Oct. 10.—Notwithstanding the agreement reached between the window glass manufacturers and workers at their recent conference here none of the works will be started up until there is an improvement in the market.

French's Hotel Sold.
New York, Oct. 10.—French's hotel at the corner of Chatham and Frankfort streets, was sold by auction to W. L. Hamersley for \$460,000. The building will probably be turned into offices.

IT IS A POSITIVE FACT

That the line of Satin-lined Wide Wale Worsted Suits we have just made up are the handsomest garments ever shown in this city. Our \$15.00 all SATIN and SILK-LINED

OVERCOATS

are the town talk. Our late importations in Children's Suits must be seen to be appreciated. In good, cheap OVERCOATS, say from \$3.50 up, we beat the world. We say to you, buy no Overcoat until you examine our stock. It will save you money.

FRED D. GRANT'S LETTER

STATEMENTS WHICH CONTRADICT
THOSE MADE BY W. R. O.

It would also appear that with all of
Ward's protestations of innocence he
is badly mixed—General Grant Lost
All—A Few Facts and Figures.

New York, Oct. 10.—W. A. Farrington,
counsel for the Grant boys, learned a few
days ago that Paul Ward was making state-
ments regarding their alleged profits. He
wrote Col. Grant making inquiries about
the facts and received a reply of which the
following are extracts:

"DEAR SIR—Your letter asking about a
rumor that Ward has stated that he paid
father \$200,000 in excess of what he (father)
put in the firm of Grant & Ward, and paid
me \$20,000 in excess of what I had deposited
with or loaned to him (Ward), has been re-
ceived. As to father's account I have only
to say that he put into the firm of Grant &
Ward \$100,000 of his own money; had on
deposit there \$10,000 of my mother's money;
\$40,000 belonging to the fund raised in
Philadelphia to pay for the house No. 3
East Sixty-sixth street; \$50,000 from the
sale of the Long Branch cottage, built while
father was president; \$15,000 from the sale
of the Anglo-American bank check that
mother had owned some years, and \$10,000
from savings from her income and allow-
ances that father had given her, and \$150,-
000 he had obtained from Mr. Vanderbilt.

"My father's expenses were about \$4,000
per month, \$1,000 of which he allowed my
mother for maintaining their home; \$500 he
gave in charity and \$500 he kept for his own
use, but gave most of this away in presents.
My father's income while in the office of the
firm of Grant & Ward (after the \$250,-
000 fund was raised) was greater than he
amounted to spend. Father made no invest-
ments while in the firm, except those he left
with the firm, and Mr. Ward had charge of
the securities.

"As for myself, I took from the firm
about one dollar less than I put in. What
I did take out was paid as profits to those
whose money I was using, except so much
as it took to support my family in a modest
way. I had \$57,000 when I first knew
Mr. Ward, now I owe \$50,000 through
his treachery. He has nearly every check I ever drew in my life,
a full history of every transaction I ever en-
tered into and if anybody who has any right
to inquire into my affairs wants to know
about any or all of my transactions my
books are open to him. I was not a member
of the firm, but I believe I could have been
deceived just as my father and brother were
I had been one of the partners. I can truly
say that I regret that I did not occupy the
place that my father had in this firm, for I
believe his disease was brought on and his
death hastened by the treachery of these
men. Very truly your friend,

"F. D. GRANT."

U. S. Grant, Jr.

New York, Oct. 10.—Mr. U. S. Grant, Jr.,
was seen at his farm, four miles from Fur-
dy's Station, on the Harlem railroad, by a
reporter. After carefully reading Ward's
remarkable statement in the morning's Her-
ald, he said:

"I have nothing further to say about this
man. I am far from surprised that he should
make such an attempt to besmirch the name
of the family that he so treacherously
ruined. Should Ward escape a felon's fate
it would then perhaps be time for me to
take more active steps."

Murder in a Masonic Lodge—The Guilty
Escapes—The Innocent on Trial.

FORTLAND, Ore., Oct. 10.—The trial of
Mah Yin, charged with the assassination of
See Choy, is in progress here. The best
legal talent in the state is engaged in the
case, which is a most peculiar one and at-
tracts much attention among Chinese resi-
dents.

The assassin and his victim were both
high members of the Chinese Masonic order.
The murder was perpetrated in a Masonic
hall during its session. The motive promp-
ting the deed is not known.

Mah Yin's counsel claim that the defend-
ant is innocent and that the murder was
committed by another Chinese Mason, who
was permitted to make his escape while all
the members of the order are endeavoring
to have the innocent man convicted. It is
claimed that See Choy was murdered for
divulging some Masonic secrets. The whole
case is involved in much mystery.

AN ERRAND OF MERCY.

A Ship Load of Provisions for the Starv-
ing Inhabitants of Labrador.

QUEBEC, Oct. 10.—A government steamer
will leave for Labrador this week, loaded with
fuel and flour to alleviate the sufferings of
the poor fishermen and their families. The
fisheries have proved almost a complete fail-
ure, cod and mackerel have disappeared
and porpoises have been so scarce that the
oil factories have had to close down, throw-
ing a number of hands out of employment.
These men have been obliged to beg for a
living, as food has reached such fabulous
prices as to be entirely out of the reach of
the poor.

Their supply of flour has been exhausted
and to add to their sufferings scurvy has
made its appearance and many have died of
it. The sufferings of the women and child-
ren beggar description. Little ones dying in
the arms of their mothers who have no nourish-
ment to give them.

THIS IS SENSATIONAL.

Attempted to Drown His Daughter—An
Old Case—Sentenced for Life.

HALIFAX, Oct. 10.—A crime and sentence
unprecedented in the history of this prov-
ince is reported. Two months ago Levi
Snow attempted to drown his daughter,
aged twenty-one, because she persisted in
leaving company with a young man against
his wishes.

The young woman had her father arrested
on a charge of committing a brutal assault
on her nine years ago, when she was under
twelve years of age. Judge Ritchie said
that while death was the extreme penalty
of the crime he would only sentence the pris-
oner to the penitentiary for life.

Snow is a fisherman, forty-five years of
age. His wife is seventy, and appeared to
be satisfied with the sentence.
